

Hardwood bowls

Graceful, pleasing shapes and sturdiness of construction are some of the reasons why Nantucket Lightship Baskets are highly prized as collectibles. S & S Lightship Baskets uses traditional methods and materials, with locally kiln-dried figured cherry, birdseye maple, tiger maple, black walnut and mahogany, and other woods. The finest finishes elevate these baskets to elegant pieces of art. Susan and Spencer can custom design sewing baskets, hearth baskets, nested sets of trays, or your dream design for your unique decorating needs.
